ABSTRACT

Background: *Islamic religious educational institutions and Islamic boarding schools are at risk of fire. Preparedness when a fire occurs is an activity carried out in anticipation of a fire disaster. According to the Central Java Province BNPB, there have been 2,179 cases of natural disasters in Central Java throughout 2022-2023, dominated by 645 building fires. BPBD Salatiga during the last 2 years (2022-2023), there were 202 fire disasters, one of them was a fire disaster at the Bina Insani Islamic Boarding School. **Objective:** This research aims to determine the level of preparedness of students to deal with fire disasters at the BINA INSANI Islamic Boarding School in Salatiga. **Research Method:** This research used a quantitative descriptive method and using purposive sampling techniques in 90 total respondents. Data analysis uses univariate analysis. **Results:** The results of research on the level of preparedness of students to deal with fire disasters at Bina Insani Islamic boarding school in Salatiga have a preparedness level of "Ready" of 67 students or 74.4%. **Conclusion:** The level of preparedness of students at Bina Insani Islamic boarding school in Salatiga is included in the "Ready" category.*

Keywords: *Islamic boarding school, Preparedness, Wild Fire*
